THE BURREN EXECUTIVE LEADERSHIP RETREAT

Discover your next horizon

Burren College of Art, August 24th – August 27th, 2020, Ballyvaughan, Ireland

This is the gathering place for globally-minded leaders who are seeking the people, place, and conversations that will expand their capacity and further align their work with today's urgent call for systems transformation.

If you're called upon to respond creatively to the complexity of your work, meet us at the intersection of artistic and leadership practice.

It is only in a place such as the Burren where one can really find the connection between what we are, what we want to be, and the steps to take us along the way. - Colm Lyon, CEO of Fire, Ireland

What an extraordinary experience of peace, beauty, challenge, and exploration. I strongly recommend you take on this experience—it is one of a kind. - Lynette Denny, Chair and Professor of Obstetrics and Gynaecology, Groot Shuur Hospital, South Africa
